

CHAMPION 2T SCOOTER

DESCRIPTION :

This is a semi-synthetic, prediluted oil, intended for the lubrication of 2-stroke gasoline engines for start-stop circumstances in city traffic. The use of this oil ensures an optimal protection against wear, even at high temperatures. The use of synthetic components reduces the formation of smoke, and keeps the exhaust system perfectly clean.

APPLICATIONS :

This quality is especially recommended for the use in scooters. Also suitable for motorbikes. Dosage: between 2 and 4%, according to the manufacturers' recommendations. Easily miscible with gasoline. May also be used for separate lubrication. Efficient protection against spark-plug fouling and avoids piston ring sticking.

SPECIFICATION LEVEL :

API	TC
JASO	FC, FD
ISO-L	EGD

TYPICAL CHARACTERISTICS :

Test	Method	Unit	Average result
Density at 15°C	D 4052	kg / m ³	870
Viscosity at 40°C	D 445	cSt	76,8
Viscosity at 100°C	D 445	cSt	10,4
Viscosity index	D 2270		120
Flash point COC	D 92	°C	106
TBN	D 2896	g KOH/kg	1,1
